# Community Conversation

What would  
make your area a  
great place to live  
as you grow  
older?

Local people and professionals are invited to come and share their thoughts and ideas at a series of Community Conversation events. The feedback from these events will be used to shape future health, care and support services in your local area. Facilitated by NDTi (National Development Team for Inclusion), these events will be friendly, fun and everyone will have an opportunity to contribute.
